Schatzi gave me comments on the shorter comment paper – I see your comments there – so I am assuming I am working off the latest and greatest.

Totally did not understand the WAC section and the ARARs I didn't even touch because I didn't know even where to begin.

I don't think they have captured the Wheeler decision (flawed as it is) but don't know where to begin with that.

Attached are my comments – do you have specific comments on the ARARs table?
